Travel Grant Application Instructions:

INSTRUCTIONS MUST BE FOLLOWED EXACTLY OR APPLICATION WILL BE RETURNED.

WHAT IS A CDG CARE TRAVEL GRANT?

A travel grant may consist of funds and/or travel vouchers (for airfare, hotel, transportation, etc.) for CDG-related travel.

WHAT TRAVEL IS COVERED?

Travel to CDG-related research symposiums, CDG group events, and medical travel. (For example, a travel grant would assist with covering the airfare for an international CDG family to participate in the CDG study in the United States at NIH because international travel cannot be funded through the study.)

HOW MANY TRAVEL GRANTS WILL BE AWARDED?

CDG CARE funds travel grants based on availability of funds and/or travel vouchers.

HOW WILL RECIPIENTS BE SELECTED?

Applicants are evaluated on a case-by-case basis as permitted by the availability of travel funds and/or vouchers. Priority will be given to those with greatest financial need, families not previously funded, and/or families who have not participated in the same or similar study/event in the past.

WHO IS ELIGIBLE?

Patients with CDG and their family members, as well as CDG researchers. Medical travel grants are available to families who are not yet enrolled in a medical research study. Once a family is enrolled in a research study, the costs of follow up visits and travel are covered by the study.

HOW CAN I APPLY?

Complete the attached application and mail your completed application to the address above or submit the PDF to: info@cdgcare.com.

Vouchers will be transferred before travel. Funds will be transferred before travel and post-travel receipts will be required. Recipients will be expected to submit a short summary report (1 page) describing how they benefited from the event/program.

Please submit your application to CDG CARE at least SIX WEEKS before travel.

Travel Grant Applications should be submitted via email to: info@cdgcare.com, or mailed directly to:
CDG CARE, P.O. Box 38832, Colorado Springs, CO 80937.
